I'm sick of you jack-booted courtroom thugs at the Department of Justice pursuing this poppycock at a time when there should be PLENTY of legitimate bad guys out there for you to spend OUR money chasing.

Get off Microsoft's case. That company may not be the friendliest "neighbor" in the corporate 'hood, but they put many thousands of people to work and pay their corporate taxes on time...and if people don't like the company, they don't have to buy its products.

Clinton's gone now, it's okay for you to stop wasting OUR money on YOUR ideologically-driven left wing witch hunts again.
